

EXPLORE
the land

DAY ONE

Arrive at Montage Palmetto Bluff.

Meet a member of our real estate team to receive an exclusive look at the member-only amenities, discuss up-to-date information of future development plans, and explore the Builder Guild Home Collection.

Enjoy dinner at the Canoe Club with panoramic views of the May River on one side and the Palmetto Bluff inland waterway on the other. The “coastal kitchen” menu celebrates local seafood, drawing ingredients and inspiration from the May River.

After dinner, make your way to the River House for a long-standing tradition of s’mores by the fire pits. Choose from flavored marshmallows like mint, caramel, and chocolate, along with the classic flavor, and milk and dark chocolate wafers from our signature s’mores bicycle cart.

S’mores offered daily 7-10 p.m.

DAY TWO

Bike to Octagon for breakfast overlooking the Inn’s backyard.

Immerse yourself in the history, natural beauty, and ecology that is Palmetto Bluff. Book one of our many water excursions including fishing, dolphin tours, crabbing, island exploration and more.

Grab lunch from Canteen and walk next door to the Conservancy Classroom to attend a regularly scheduled program. The Conservancy is the keeper of the natural and historical world of Palmetto Bluff, and the organization responsible for educating everyone who comes to play, stay, or make the Bluff their home.

Head over to the Inn and enjoy another Southern tradition, “porching,” with complimentary sweet tea, lemonade, and cookies. Offered daily 3:30-4:30 p.m.

Return to Moreland Village for a round of bowling at our four-lane, state-of-the-art bowling alley. Or, visit the game room equipped with pool tables, a foosball and shuffleboard table, board games, and card tables.

Take in the stunning marsh views while enjoying the casual regionally inspired Southern menu at Cole’s.

DAY THREE

Bask in the picturesque views of the May River while you enjoy the Biscuit Bar at Buffalo’s.

Explore Palmetto Bluff’s expansive trail system by bike or by foot. Our walking trails traverse the 20,000-acre property connecting residential neighborhoods to parks, recreational activities and the best of Wilson and Moreland Village.

Head to Wilson Landing Marina for an unforgettable May River sunset cruise aboard the restored 60-foot antique motor yacht, *Grace*. Built in 1913, *Grace* is one of the last remaining pre-World War 1 gas-powered yachts.

Visit Octagon for our signature barrel-aged Artillery Punch cocktail before enjoying seasonally inspired cuisine.
